

CASTAWAY CLUB.

YL.younglife. CAMP

Castaway requires collection of all medications, prescription and over-the-counter from campers.
This includes items such as Tylenol, Advil, etc. **This is mandatory, no exceptions.**

These medications will be given to the Camp Nurse, who will dispense them to the campers at the prescribed times in the Infirmary.

Each camper must put all medications in a separate zip-lock bag and write name and city on the bag. Have each person fill out this form and include in the bag.

Head Leaders will collect these bags and give them to the camp nurse to inventory and dispense. Make enough copies of this page and have enough zip-lock bags for everyone.

This must be completed before head leaders send you to the camp welcome.

Complete the information below for all prescriptive and non-prescriptive meds.

Put this form in a zip-lock bag with medications.

The bag will be collected upon arrival.

The Camp Nurse will dispense medications at the appropriate times.

Date you are at Castaway Club: June 30, 2019 thru July 6, 2019
